# **We are a Family Winery,**

founded in 1989 by Félix Callejo. We are currently the second generation, Cristina, José Félix, Beatriz and Noelia Callejo who continue this exciting legacy.

· José Félix ·

· Cristina ·

The experiences in other wineries of both José Félix (Petrus - France, 1999; Torres - Chile, 2000) and Noelia (Araujo - Napa, 2007 and 2010; Cobos - Mendoza, 2008) have provided the basis for further developing a philosophy *based on the soil and to be **Vignerons***.

In the year 2000, we began to work in an *ecological* way in our vineyards, a clean, respectful viticulture, full of life for the soils and therefore for our wines.

This step, *made us and makes us return to the past to be able to look to the future*. Observe our surroundings, the landscape that surrounds us, the culture that we have acquired thanks to our ancestors always linked to the world of wine and the authenticity of our land.

*Flores*

*"The virtue of simple things"*

# Flores

“The search for freshness, for the primary are the reasons that lead us to make Flores de Callejo. Our commitment to freshness is expressed in this wine, fruitiness, liveliness and purity of the most raw Tinto Fino”

*José Félix y Noelia Callejo*  
Winemakers

Our landscape is located in the village of **Sotillo de la Ribera**, province of Burgos, on the northern edge of the Duero river basin, in a privileged environment, due to its high **altitude (830 - 930 m)**, where the moors (*páramo*) of the highest areas, with limestone soils, give way as we follow the erosion of the valley, to gravel soils (old river beds), sandy areas in the pine area, and clays in the lower areas .

- Yield: *2,5 Kg/vine.*
- Manual picking in small boxes; two sorting table . Gravity system.
- Natural yeast.
- Aging: 5 months between barrels and tank.
- N° Bottles: 170.000
- N° Magnum: 8.000

## Vintage 2020

### INFORMATION

For the vine cycle, the year 2020 is characterized by a balance in terms of temperatures and rainfall. The 2019 ends with rains in November and December. The year begins with a dry and very cold winter, typical of our area. Already in spring, temperatures rise and in April rainfall increases to 98 liters/mm<sup>2</sup>, which continues in May and June. Summer is not very hot like other years and with storms in July and August. The cycle is coming forward and by the end of September we begin to harvest, ending on October 7.

The grapes obtain good maturity, maintaining acidity, which provides freshness, with a moderate sugar content, which translates into round and balanced wines.

## tasting

### TASTING NOTES

It has an attractive cherry color with violet edges. On the nose, very aromatic, marked notes of wild berries, with hints of confectionery, balsamic. The mid-palate is meaty, active, with feelings of berries, cinnamon, spices, violets, balsamic and persistent primary end.
